A detailed statue of the Roman goddess of justice, Themis, is shown from the waist up. She is wearing a traditional stola and palla. Her right arm is extended forward, holding a pair of golden scales by the handle. The scales are balanced, with the left pan slightly lower than the right. The background is plain white.

A photograph of an underwater environment. The water is a clear blue at the top, transitioning to a bright yellow-orange hue towards the bottom. A single, smooth, white rock or piece of coral sits in the center of the frame on the sandy ocean floor. The surrounding area is covered in a dense, yellowish-green layer of marine algae.
